

ZEYAD SAEED SULAIMAN BIN HUWAIL

FULL-STACK DEVELOPER

Aksaray Merkez, Türkiye | +90 534 293 28 92 | zeyadalnahdii@gmail.com

PROFILE

Full-Stack Developer focused on building structured, maintainable applications across frontend, backend, APIs, databases, authentication, and testing. Hands-on project experience with modern web development as well as C# desktop systems and SQL Server. Strong foundation in problem solving, OOP, data structures, and database design, supported by an academic background in psychology that strengthens analytical thinking and understanding of users.

TECHNICAL SKILLS

FRONTEND	BACKEND & APIS	DATABASE & AI	ENGINEERING
Next.js • TypeScript • JavaScript • HTML • CSS	ASP.NET Core • REST APIs • Python • FastAPI	PostgreSQL • SQL Server • SQL • Qdrant • RAG	Git • GitHub • CI Testing • OOP • Data Structures

PROJECTS

AI Autonomous Workspace

Full-Stack Web Application

- Building a workspace for managing projects and tasks with AI-assisted workflows.
- Working across Next.js/TypeScript frontend development, backend APIs, PostgreSQL, authentication, validation, and application architecture.
- Integrated engineering practices including automated testing, CI checks, secret scanning, structured logging, and Git/GitHub workflows.
- Includes AI/RAG-oriented components using Python/FastAPI and Qdrant for retrieval-based functionality.

Restaurant Management System

C# • SQL Server • WinForms

- Developed a desktop management system covering items, units, inventory, funds, purchases, invoices, and related database operations.
- Used layered architecture, OOP, SQL Server, relational database design, stored procedures, validation, and image handling.
- Implemented practical business workflows such as item-number uniqueness, purchasing grids, stock-related operations, and invoice management.

SOFTWARE DEVELOPMENT EDUCATION

Programming Advices

Programming fundamentals • Problem Solving • C++ • C# • Object-Oriented Programming (OOP) • Data Structures • SQL & Databases

ACADEMIC EDUCATION

B.A. in Psychology
University of Science and Technology

Turkish Language Education
TÖMER - Turkish and Foreign Languages Research and Application Center

LANGUAGES

Arabic: Native | Turkish: Advanced | English: Elementary (A2)
